

Aircraft Style Rivet Shavers

Severance Rivet Shavers are used with Micro-Stop units. These end-cutting tools are designed to cut rivet heads, etc., flush to the surroundings surface. They are available in two series, multi-flute for fine finishing and two-flute for fast material removal.

Carbide Fine Cut							Carbide Coarse Cut		
Tool Dia.	Overall inch	length mm.	Thread size	Number of Flutes	Tool Name	EDP Order Number	Number of Flutes	Tool Name	EDP Order Number
